Dear Brother Munif,

Assalamu Alaikum Wa rahmatullah

I would like to thank you for coming to our Islamic Centre to demonstrate your electronic audio learning device (Islamic Iprayer Mat). It was a brilliant demonstration from your part.

The prototype is a fantastic idea which will be very useful learning tool to our children and new convert Muslims. I do like the recitation of the Qari that is really fabulous.

I will pass the information to our head teacher weekend and the evening schools.

I would like to endorse this idea and I look forward to the final version of the Ipayer Mat.

Kind Regards

Abderrezak Bougara
